

MELBOURNE REGIONAL CHAMBER OF EAST CENTRAL FLORIDA, INC.

November 11, 2009

RE: Resolution in Support of St. Johns Heritage Parkway

RESOLUTION: The Melbourne Regional Chamber of East Central Florida, Inc. supports the construction of the proposed St. Johns Heritage Parkway. The Chamber has long supported effective transportation solutions for the region, and the Parkway would achieve several positive benefits: alleviation of traffic congestion and providing an additional emergency evacuation route for the Palm Bay area. We therefore encourage all parties to negotiate acceptable agreements and urge federal agencies to support the project in their transportation budgets.
